

# New Quizzes

The Ins and Outs

## What is New Quizzes

New Quizzes is an assessment engine that integrates with Canvas as an LTI tool and replaces the classic quizzes functionality currently existing in Canvas.

## How to enable New Quizzes

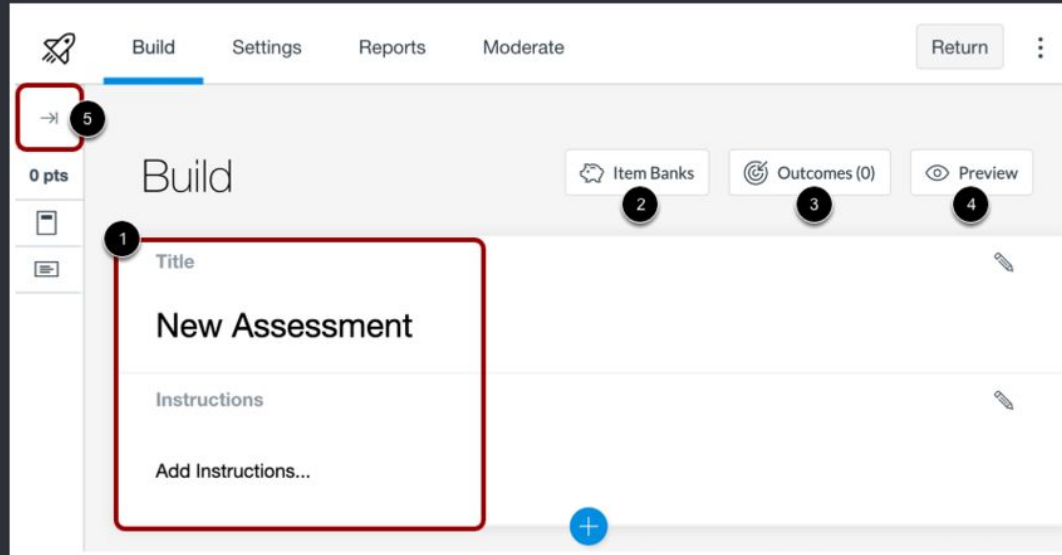

New Quizzes is an opt-in feature that can be enabled for the school at the account level or course level of Canvas under feature options. If an Institution does not have New Quizzes added to their account, they will want to contact their CSM to have that added.

As of right now, it is set for New Quizzes to be enforced in 2022, however, it will coincide with Classic Quizzes. There is currently no end of life date for Classic Quizzes.

## Creating a quiz with New Quizzes

1. In Course Navigation, click the Quizzes link. Click the Add Quiz button.
2. In the Choose a Quiz Engine screen, select the New Quizzes option. To save your quiz engine selection for this course, check the Remember my choice for this course checkbox. Then click the Submit button.  
**Note:** You can reset your quiz engine choice from the Quiz Options menu at any time.
3. Fill out the Quiz assignment details page and click Save at the bottom. This will redirect you to the Quiz UI where you add a title, instructions, and questions.

## Title and Instructions

In the Build page, you can edit the title and description of your assessment [1], view your item banks [2], align the assessment to outcomes [3], preview the assessment from the student view [4], and navigate the assessment [5].

## Creating Questions

1. Once you have saved the quiz you will be taken to the questions page here is where you can add many of the same questions types as classic and more
2. To add a question you will click on the  and then select the question type you are wanting

### Item/Question Types

	Classic Quizzes	New Quizzes
Categorization		✓
Essay	✓	✓
Fill in the Blank	✓	✓
Fill in Multiple Blanks	✓	Use Fill in the Blank question*
File Upload	✓	✓
Formula	✓	✓
Multiple Answer	✓	✓
Multiple Choice	✓	✓
Multiple Dropdown	✓	Use Fill in the Blank question*
Matching	✓	✓
Numeric	✓	✓
Stimulus/Passage		✓
Text (No Question)	✓	Text can be included as stimulus content, but the stimulus type requires adding questions related to the content*
True/False	✓	✓
Ordering		✓
Hot Spot		✓

\* Not supported; workaround option

## Item banking

You can create item banks in New Quizzes. Item banks can be used to store questions for use in other assessments. You can use your item banks in any course where you have permission to create and edit an assessment using New Quizzes.

To add a question to an item bank, locate the question you would like to add to the item bank and click the edit icon. Click the Item Banking button. Click the Add to Bank link. Choose whether you would like to add the question to an existing bank or create a new bank item.

The screenshot shows a dialog box titled "Add to an Item Bank" with a close button (X) in the top right corner. Inside the dialog, there are two radio buttons: "Existing item bank" (selected, marked with a '1') and "New item bank". Below these is a section titled "Select the destination bank" with a dropdown menu (marked with a '2') currently showing "History Questions". At the bottom right, there are two buttons: "Cancel" and "Add" (marked with a '3'). The "Add" button is highlighted with a red border.

## Settings

You can change the settings within New Quizzes to adjust the way it is delivered to students. There are a couple settings added to New Quizzes that are not present in Classic Quizzes.

1. Require waiting period between attempts
2. Shuffle questions globally
3. Shuffle answers per question

### Settings

	Classic Quizzes	New Quizzes
Allow Multiple Attempts (All Students)	✓	✓
Allow Multiple Attempts (Individual Student)	✓	✓
Require Waiting Period Between Attempts		✓
Display One Question at Time	✓	✓
Require Access Code	✓	✓
Set Time Limit	✓	✓
Shuffle Questions Globally		✓
Shuffle Answers Globally	✓	✓
Hide Student Responses	✓	✓
Filter IP Addresses	✓	✓
Assign to Individual Student	✓	✓*
Assign to Section	✓	✓*
Set Availability Dates	✓	✓*
Shuffle Answers per Question		✓

\* Customize by editing the assignment in Canvas

## Reports

You can view reports for an assessment created in New Quizzes. The reports available in New Quizzes are the Quiz and Item Analysis and the Outcomes Analysis. The Quiz and Item Analysis report includes statistics for the entire assessment and individual items. The Outcomes Analysis report includes outcome mastery statistics for all students who took the assessment.

The Performance by Quintile bar chart displays the number of students who scored within each percentage quintile

For more information on the different types of reports [click here](#) for our guide on it.

### Reports

	Classic Quizzes	New Quizzes*
Item Analysis	✓	✓
Summary Statistics	✓	✓
Quintile Performance		✓
Student Analysis CSV	✓	

\* Reports may take up to 24 hours to generate

## Moderating

You can view student results for any assessment created in New Quizzes on the Moderation page. Assessment results also include a detailed log for each student. Student results can also be viewed in SpeedGrader and the Gradebook.

\*Moderation timer settings will not be applied to an assessment attempt that is currently in progress\*

Grading & Moderation		
	Classic Quizzes	New Quizzes
Add Extra Time (Individual Student, for the whole course)		✓
Add Extra Time (Individual Student, for the assessment)	✓	✓
Add Extra Attempt (Individual Student, for the assessment)	✓	✓
View Moderation Page	✓	✓
Manually Submit Attempts	✓	✓
View Quiz Log	✓	✓
View Student Results	✓	✓
Automatic grading of questions	✓	✓
Add Fudge Points	✓	✓
Grade One Question at a Time (SpeedGrader)	✓	

## Re-grading Quiz Questions

You can regrade a question for an assessment in New Quizzes. Regrading allows you to change the correct answer or point value for a question. The point value can also be changed for individual answers for questions with varied point values.

\*All regrades have to be done in Speedgrader\*

1. Open quiz in speedgrader
2. Click regrade
3. Choose the correct answer and point value
4. Click regrade
5. Select regrade option
6. Click regrade

## Activity

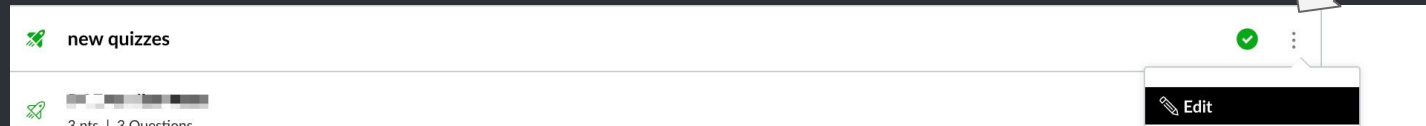

Complete this quiz in preview and see what students will see when they go into the quiz. You must score 100% to pass the training.

<https://swynn.instructure.com/courses/21585/assignments/299684>

## Tips and trick

- Create a new quiz in your sandbox to play around with.
- New Quizzes will now automatically open to the /edit screen
- When creating an assessment, you can insert stimulus content in New Quizzes. Stimulus content gives students a piece of content with associated questions.
- If an item bank is updated it will update it in all quizzes.
- You cannot use New Quizzes in Test
- Edit the quiz either through the three dots on the quizzes page or add /edit to the end of the URL
- Go to Speedgrader through transmogrify
- If a quiz isn't updating scores, verify you see the behavior and send it up using the new macro in SF called "New Quizzes"

## Conclusion

- While they may seem difficult at first, New Quizzes has some great features add to it
- Don't be afraid to create your own in your sandbox by using our [guides](#)
